CREATE STANISLAW STASZIC INSTITUTE OF METALLURGY IN GLIWICE

The Ministry of Heavy Industry directive of 30 November 1951 created the Stanislav Staszic Institute of Metallurry to conduct scientific research to supplement the needs of the national economy. The institute is dedicated to study and research on improvement of industrial production in the metallurgical industry, and will be located in Gliwice.

The Ministry of Heavy Industry will have general jurisdiction over the institute.

The organization and specific area of study of the institute will be included in a statute presented in a later directive. The institute will be assigned facilities included in the list approved by the Minister of Her. y In-

The directive is effective 6 February 1952.
